

Home & Garden Show Exhibitor References

The businesses below represent some of the most active Home Show exhibitors who have participated in most, if not all of the home improvement shows and expos in the Chicago area over many years. They have chosen us as their #1 investment in the Home Show category... and for very good reason. We invite you to join those who know best where to invest when it comes to home improvement events.

When it comes to making the most educated decision for your marketing plan, reliable information is of the utmost importance. We are here to tell you exactly why our events are the best investment you can find for your business, but you don't simply have to take our word for it. Please feel free to contact these great companies and they will tell you about their experiences with us and our events so you too can invest with full confidence in our 2018 Home & Garden Shows.

During our Record Setting 2017 Spring season, more qualified homeowners attended each of our Chicago area events than ever. This will lead to a 2018 season which will benefit from an unprecedented boost in advertising plans in an effort to once again set new attendance records. We are fully confident that the more you learn about what we have to offer your company, the more you'll want to participate in our events. Above all, we are very interested in working with your company and we thank you for your time and consideration.
